Krakow (also written Cracow) is the former capital of Poland and still one of the country's most important cities. It is also considered one of the most beautiful cities in Europe thanks to the excellent preservation of its buildings and its rich artistic cultural heritage. Krakow's Old Town, listed as a World Heritage Site by UNESCO, is packed with exquisite Gothic, Baroque and Renaissance-style edifices. Day 2: KRAKOW – LAGIEWNIKI – WIELICZKA SALT MINE – KRAKOW

In Kraków, the **Sanctuary of Divine Mercy** includes a new basilica, and the 19th-century convent of nun and mystic Faustyna Kowalska, who saw a vision of Christ with red and white shafts of light emanating from his heart. The image - known as the "Divine Mercy" - is purported to have miraculous healing properties, leading to Faustyna's eventual canonisation by Pope John Paul II in 2000. A big proponent of the cult of Faustyna, during WWII the future pope prayed at this site every day.

Wieliczka Salt Mine – one of the largest underground mining museums in the world, where white gold, called salt, was extracted from the ground. It's a subterranean labyrinth of tunnels and chambers – about 300km distributed over nine levels, the deepest being 327m underground. It is also a world class monument, featuring on the UNESCO's World Cultural and Natural Heritage List.

Day 7: KAUNAS – SYLUVA – TYTUVENAI – HILL OF CROSSES - VILNIUS

Siluva is one of the first sites in Europe where a Marian apparition was seen. It is a place where visitors find inner spiritual peace, where you can experience a centuries old pilgrimage tradition and immerse yourself in impressive sacred architecture.

In the early 17th century, Andrejus Valavičius, the standard-bearer of the Lithuanian Grand Duchy, began construction of the **Tytuvėnai Monastery** complex. It was built initially in the Gothic spirit, and then intertwined with Renaissance-style details. However, the largest proportion of the monastery is dedicated to Baroque architecture. Today, this Franciscan monastery is in excellent condition, and is a unique architectural monument located deep in the heart of rural Lithuania.

Church of Our Lady of the Angels and Bernardine monastery complex in Tytuvėnai are among Lithuania's largest and most significant specimens of 17th and 18th century sacred architecture, reflecting as they do a multi-layered harmony of the gothic, mannerist and baroque styles. The ensemble consists of a church, a courtyard with the Holy Steps Chapel, and the stone wall of a two-story monastery.

Lithuania's legendary **Hill of Crosses** is a symbol of defiance and part of a pilgrimage site. More than 200,000 crosses have been planted on this low hill. The tradition began during the 1831 Uprising and reached its height in the 1960s, in defiance of anti-religious Soviet rule. This place was granted a visit of John Paul II in 1993.

She lived in Vilnius from 1933 to 1936 and during that time, she experienced several mystical visions of Jesus. The prayers comprising the Chaplet of Divine Mercy were spoken by Jesus to Sister Faustina in her visions in Vilnius as well. This happened on 13-14 September 1935 in the wooden house of the convent of the Sisters of Our Lady of Mercy. In the afternoon trip to **Trakai**. Visit Trakai Island castle.
